

New user's Checklist

omnimed

BEFORE YOUR FIRST DAY

- Open the Google Chrome browser and log in to app.omnimed.com/omnimed within 14 days of receiving the welcome email, i.e. before the temporary password expires
- Select your default connection institution and add your contact information in your user profile
- Subscribe to receive electronic results (healthcare practitioner only)

FROM YOUR FIRST USE

- Add Omnimed to your favorites or create a shortcut on your computer desktop
- Set the language of Google Chrome (French or English)
- Set up your scanned signature (healthcare practitioner only)
- Make sure that your computer and your Omnimed profile are configured to access the QHR (healthcare practitioner only)
- Set your preferences in the Writing a clinical note, Favorite tasks and Favorite clinical tools sections
- Configure your favorites in the resources directory. (in order to easily send faxes)
- Fill out the results classification authorization if you already have results in our Results section

IF SOMETIMES YOU WORK FROM HOME

- Download Google Chrome
- Add Omnimed to your favorites or create a shortcut on your computer desktop
- Make sure that your computer, screen and Internet link meet the minimum recommendations for Omnimed
- Perform the necessary installations to allow yourself to access the QHR
- Do not save your password in your browser

Together advancing healthcare!
